CONTROL YOUR MONTHLY COSTS

Powered by the strength of CNH Industrial Capital, the finance division of Iveco trucks, your business can take delivery of a new Iveco with the convenience of one monthly lease covering both your new Iveco truck and scheduled servicing.

As well as keeping owners behind the wheel of the newest available Iveco models, operators benefit from the increased budgetary control of having known vehicle expenses, with costs that can be fully tax deductible. As the vehicle is leased, it doesn't appear on the balance sheet as an asset.

EXTEND YOUR WARRANTY

All vehicles in the Active Plus Program are covered by Iveco's generous range of standard warranties, which can be extended for up to five years or 1,000,000 kilometres depending on the model variant.

Extended Warranty must be purchased within 6 months. The extended warranties provide even further assurance that your Iveco will keep performing strongly well into its lifecycle.

UPDATE YOUR TRUCK

The Iveco Active Plus Program gives you the flexibility to take delivery of a new Iveco truck every 2, 3, 4 or 5 years, depending on what best suits your business. Simply return your Iveco at the end of the Active Plus Program term and upgrade to a new Iveco.
