# RENT TO BUY - ENJOY THE POWER OF CHOICE

Designed for those who are looking for an immediate solution to asset requirements, *Rent to Buy* gives you the opportunity to become familiar with the asset you are considering purchasing before making a final decision.

By establishing a rental agreement of up to eighteen months, you can start maximising your returns, while also taking advantage of flexible end of term options.

If you decide to purchase the equipment at the end of the rental period a **rental rebate** will reduce your purchase price.

## OTHER BENEFITS

- Quick adjustments to your capital requirements – add additional equipment without the need to purchase.
- Potential tax benefits – rentals may be able to be claimed as a tax-deductible business expense. Consult your tax advisor.
