OPERATING LEASE

Operating Lease as a Solution

Operating Lease is simply a rental agreement. Business customers pay to rent the equipment without having to purchase it and simply return the equipment to the designated dealership at the end of the term.

CNH Industrial Capital offers both maintained and non-maintained operating leases. A maintained operating lease includes all scheduled maintenance and servicing during the lease period, while with a non-maintained operating lease you take responsibility for the upkeep of the machine.

Options

Operating Lease

- Lease your equipment while you control the servicing and maintenance.

Operating Lease with Scheduled Service

- Regular servicing included in the one easy rental
- Peace of mind – inflation proof
- Locked in maintenance cost for life of loan
